

7G | Temporary Face Masks Policy**Updated:** 8/11/21**Purpose**

To safeguard the health and safety of all Roselle Public Library patrons and staff during the COVID-19 global pandemic. This policy shall be in effect when a governing authority, such as the Governor of Illinois, or a public health authority, such as the Illinois Department of Public Health, issues guidance strongly recommending or requiring the use of face masks indoors.

Guidelines

All patrons and visitors above the age of two (2) are required to wear face masks that adequately cover the nose and mouth at all times while making use of Library facilities and services. Patrons under the age of two (2) should still be closely monitored by their parent/guardian/caregiver at all times while in the Library.

Any patron or visitor who cannot medically tolerate wearing a face mask will be provided reasonable accommodation outside of the library building, through curbside pickup or remotely over the phone or Internet, to the fullest extent of staff abilities.

Any patron or visitor appearing to be above the age of two (2) who enters the building without a face mask will be offered a complimentary mask to wear while using the Library and reminded of this policy and any other relevant guidelines related to public health and safety.

Any patron or visitor who refuses to wear a mask inside the Library will first be offered reasonable accommodation outside of the building (e.g. curbside pickup or remote assistance) and, if that is also refused, will then be asked to leave for the day.

Any patron or visitor who violates the Library's Conduct Policy or Code of Conduct in the course of refusing to wear a face mask will have their Library use revoked for a period of one (1) month or longer, depending on the severity of the circumstances, by the Executive Director.

Adopted: 11/11/20
